DON'T ENDURE

We urgs all akin sufferers who have sought relief in vain, to try this liquid wash, the D. D. D. Prescription for Ecrema. All skin diseases yield instantly to its soothing oils. Its ingredients, oil of wintergreen, thymol and giverine, have been used by doctors for years in the cure of the skin. The liquid form carries these healing ingredients down through the pores to the root of the disease.

The Irish Lilt, which was requested for this occasion, was preceded by a young girl in authentic Irish costume, bearing the flag of Old Ireland. The dancers then marched in to the tune of the Wearing of the Green and ran through the measures of the dance very gracefully. They wore short, full green skirts, white waists and white aprons, green girdles and green mop caps.

The Dance of the Moonshines was especially pleasing. Three high school boys, dressed as pumpkin moonshines, went through the stiff, jerky movements one might ascribe to an anisment of the measures of the dance ward Portelance, J. E. Look young! Common garden Sage and Sulphur darkens so naturally

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. When ever her hair fell out or took on that dull, faded or streaked applied with wonderful effect. By asking at any drug store for "Wyoth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.

fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a slass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headachs, billiousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug stors which will cost but a trife but is sufficient to demonstrate the quick and remarkable change in both health, and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb, impurities to contaminate the blood, while the pores in the thirty feet of bowels do.
